

LISTSERV® HPO

HIGH PERFORMANCE OPTION

Rev up your results!

LISTSERV® trailblazed the permission email list industry 25 years ago and remains the gold standard. It provides the power, reliability and enterprise-grade performance you need for all of your opt-in newsletters, announcements, discussion groups and communities.

LISTSERV HPO (High Performance Option) is the turbo-charged enterprise version of LISTSERV, precision-designed for large email lists and sites.
